REGINIAN

1954

April,

JUNE 8, 1984

You must be really excited. I mean I'm finally signing your book! I can't believe it but this is our 11th zany year together and we both belong in Bellvue! I can't believe we'll be seniors next year. So much has happened this year and it's really been fun despite the school.

Ring Day was fun, getting our rings finally and then lunch at Aphrodite's although I think I had a bit much to eat that day because as you will remember I didn't feel so good that night at where else... Studio 54! (Great place to get sick right?) You didn't have to worry though the way you were being pursued! You met a scholar, an "old man" and a ladies man! What the hell was his name? Jiro? Lio? I still don't know! Then we went again for your birthday although it wasn't as crazy at Studio. The thing I remember most about both times was driving in the city with my aunt and your mother... CRAZY!

I remember my party too this year. It will always be known as the night that Jill Messina and Maria Capone had it out on Dunwoodie St. (I feel bad for all the old folks who had to go through that!)

Then there was basketball. Although you were unhappy with the situation most of the year, I think we managed to have fun. I'm sure next year will be better for you. I mean the way Ray has his "eye" on you lately along with that "hot" shot you have, you'll make a great team!

(continued on 3rd page from back ——→)

Dear April,
I guess I'm privileged to be signing your yearbook first – what can I say. One more year to go and we're out of here! This summer should be great I'd get to take you on the boat but you'll probably have a screaming attack on the way like in the water at Jones. That was funny. Have a great summer – I know I'll see you. It's been real – ha! ha!

Love Jann

April,
I am so glad we became better friends this year. I like you a lot! You are soooo smart and nice & funny & pretty ... well the list could go on. But you'd better come to UVA with me – (if I get in) Well, even if we don't go to the same college, we have all of senior year together, and all summer. We're definitely getting together. You have to meet Tom Taggart! We had a lot of fun this year (Ring Day, talking in studies, etc.) You are such a "cool dude," and you always kept calm no matter what, and that helped me keep calm. Congratulations on your SAT scores. Keep in touch! Love,

Michele

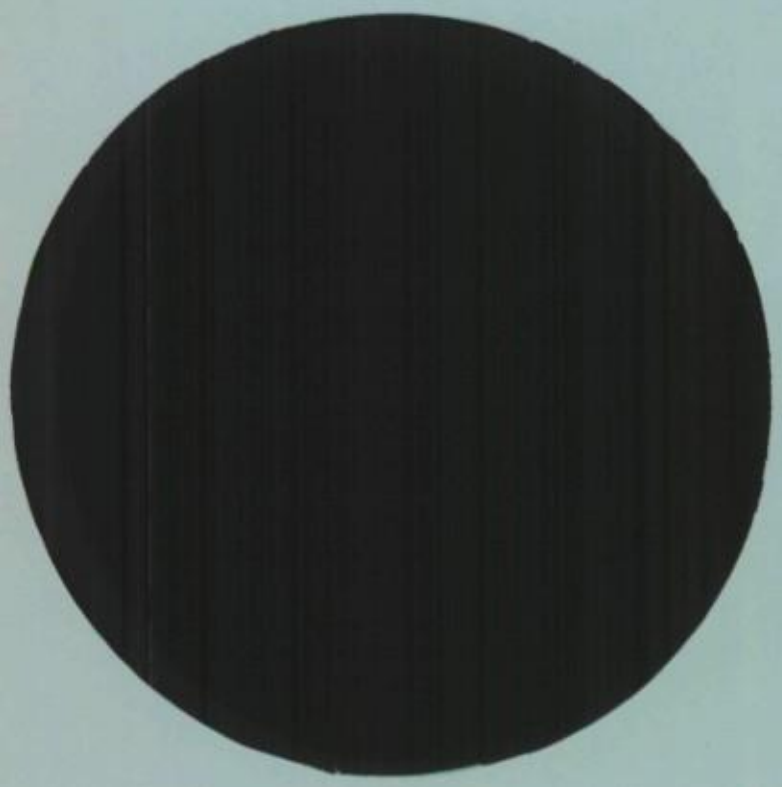
A LITTLE MEMORY: U.F. TO U



We, the class of 1984
request the honor of your
joining in our

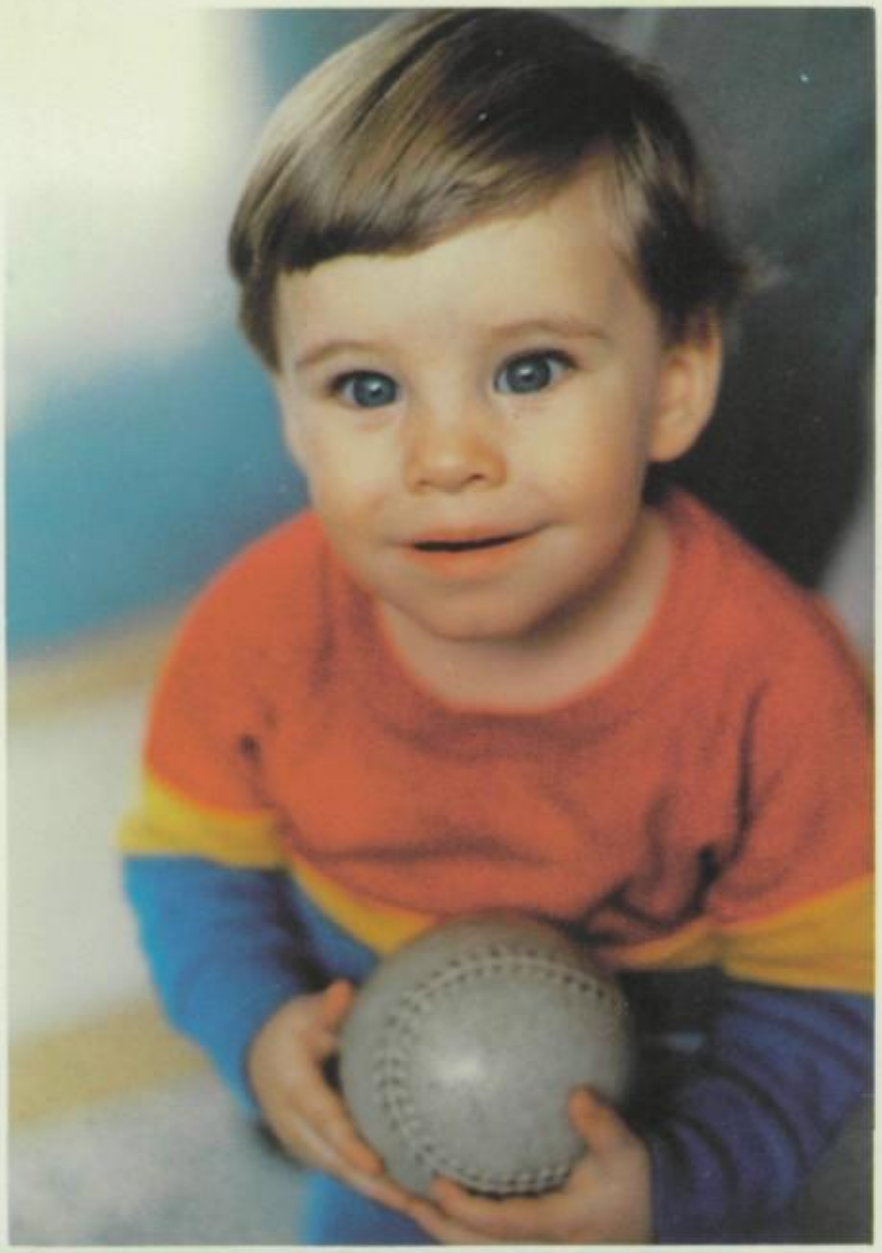
Celebration of life, love and God!

We present to you

The 1984 Reginian

Maria Regina High School
500 West Hartsdale Avenue
Hartsdale, New York

We promise a memorable time for all!



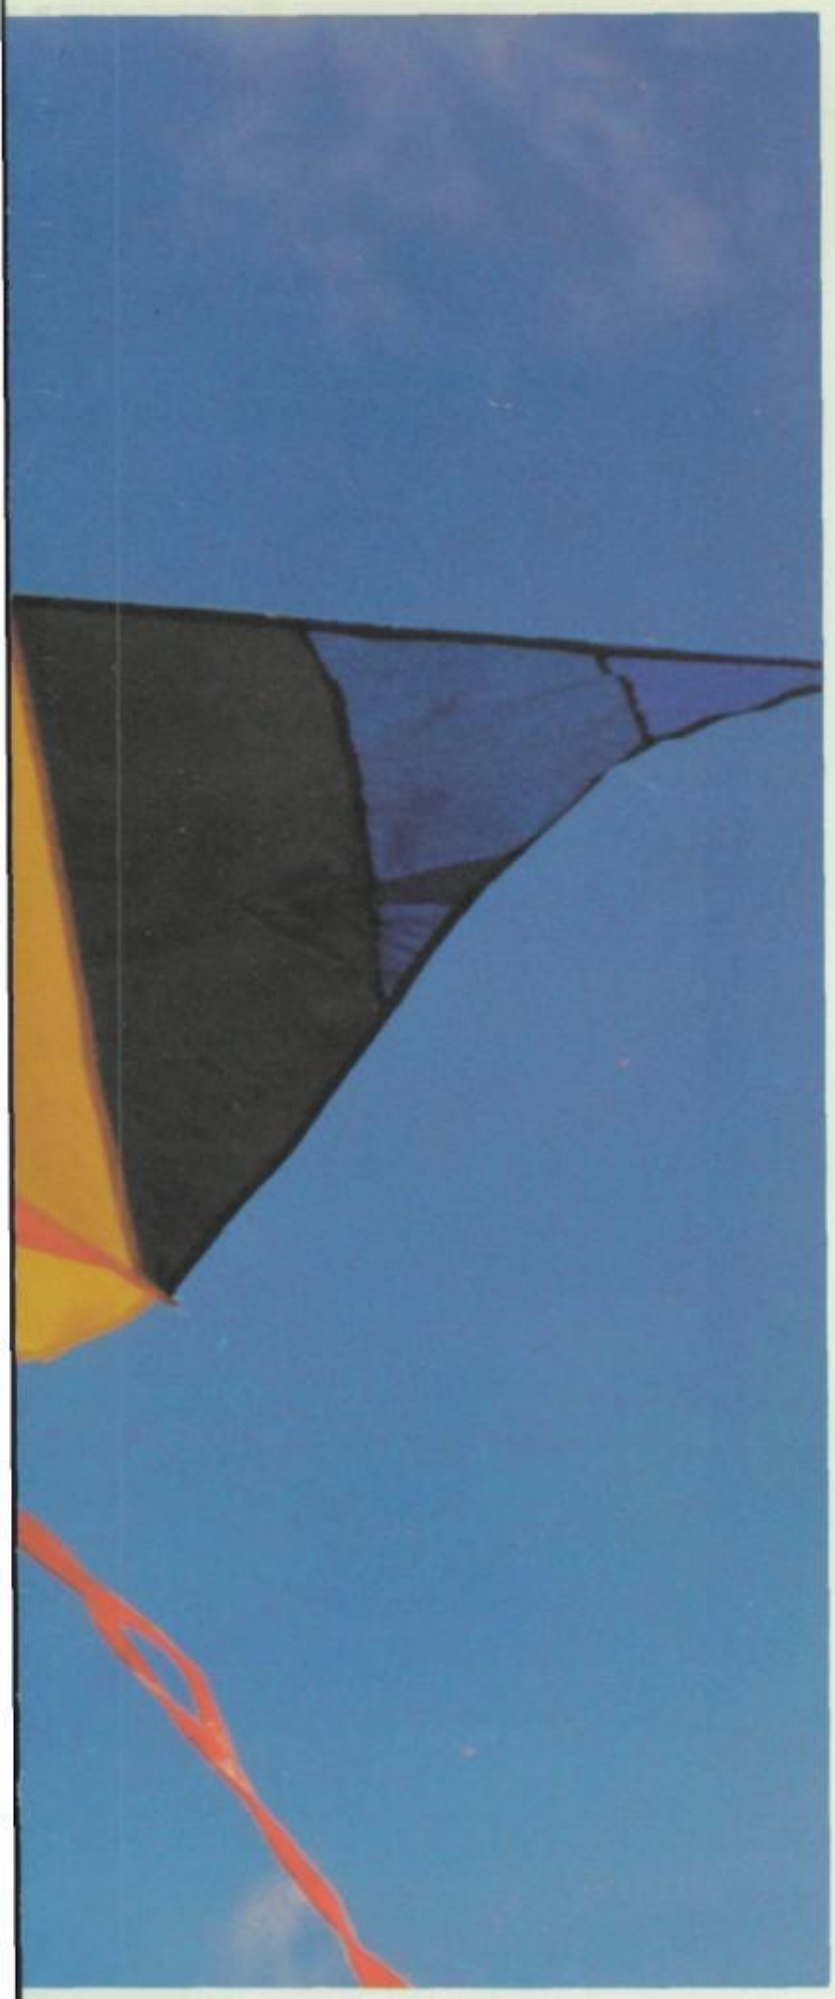
Life is the most precious gift given to us from God. Life is caring for others and sharing your joys and sorrows with others. It is a constant interchange of ideas, hopes and dreams.

You have been invited to our celebration of life and we hope that you enjoy and learn from our little message. We were each blessed with gifts from God; all we have to do is to make good use of those precious gifts.

Examples of life are all around us. It is shown to us reminds us all of the beauty in the world. Since each of us experiences many joyful events in our lives, the happiness on the face of a joyful child. We, the Class of 1984, would like to pause to recall all the pleasant but simple joys in life that we have been given.

We remember happy occasions — when we first began to walk and talk, read, and write. We even look back on our first days of school at Maria and realize just how much we've really grown.

With life, we are also given the wonderful gift of freedom. We can "fly like a kite" among the gorgeous blue sky and the white fluffy clouds. Motivation is all we need to accomplish our goals. Our Lord is always with us and His guidance and love will show us the way to our dreams and ambitions.



Each human being is special with an identity all her own. We each have a unique gift to share and give to others; this gift is being ourselves. We each should share life with one another so we can mature and grow with each other.

We must never be afraid to be who we are. We should never try to hide our individuality because differences are what makes each of us so special. Each individual in this world helps to make the world complete.

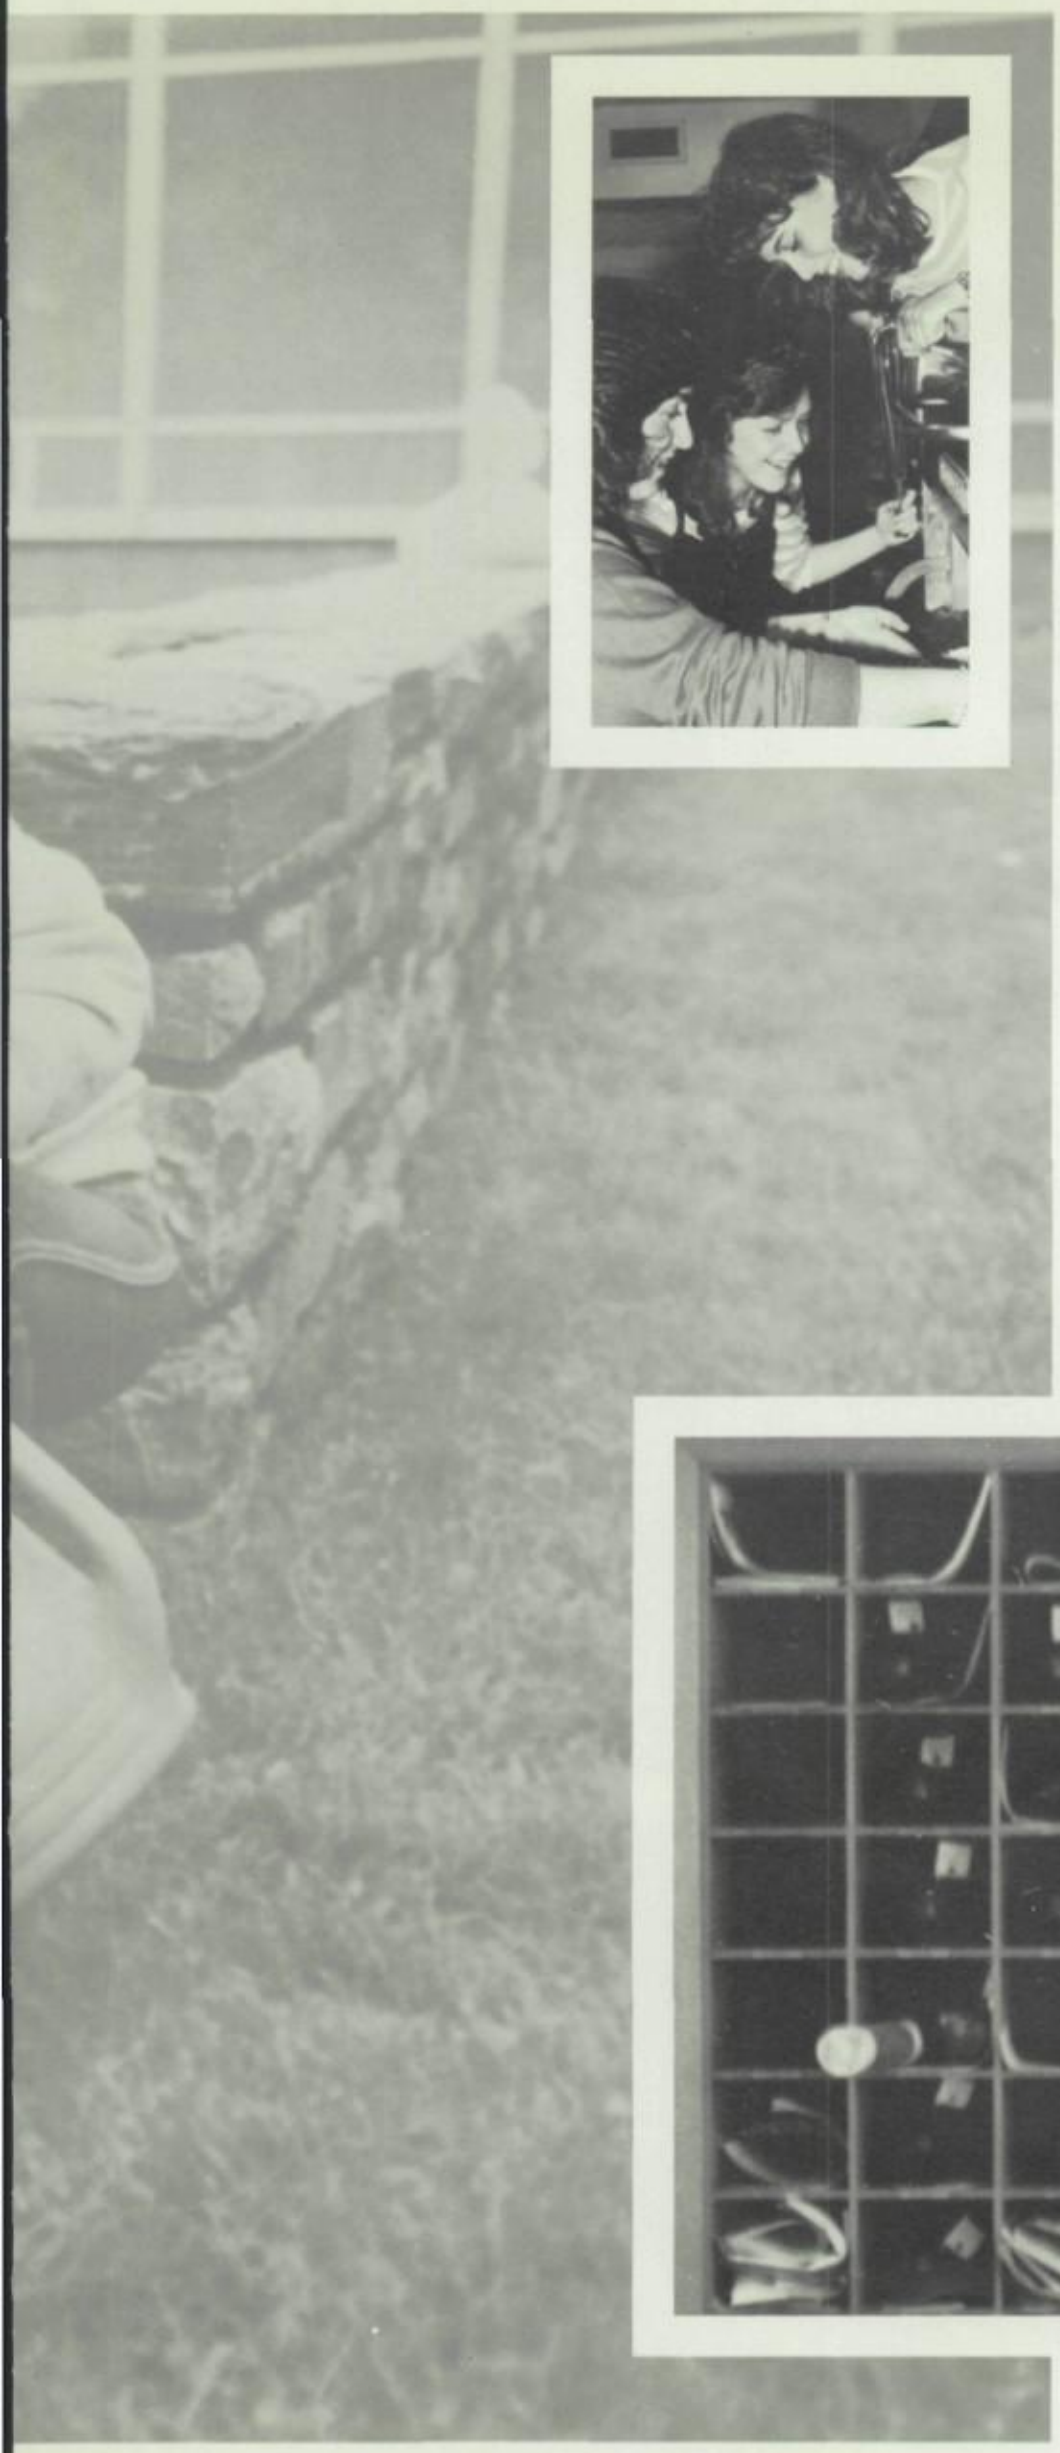
Life brings the gift of friendship to all of us. The special friendships made in a lifetime will never die. They will always be a part of us — a part of us that is there to remind us to be thankful for our friends. Life consists of the many experiences that you and your friends share.

Life with God is everlasting! The end of one phase in life is the beginning of another with God. Each day of our lives is a cycle of learning and growing. Memories of past experiences help us to grow in wisdom with each passing day. They have become a part of who we are and, in turn, they will influence who we become.

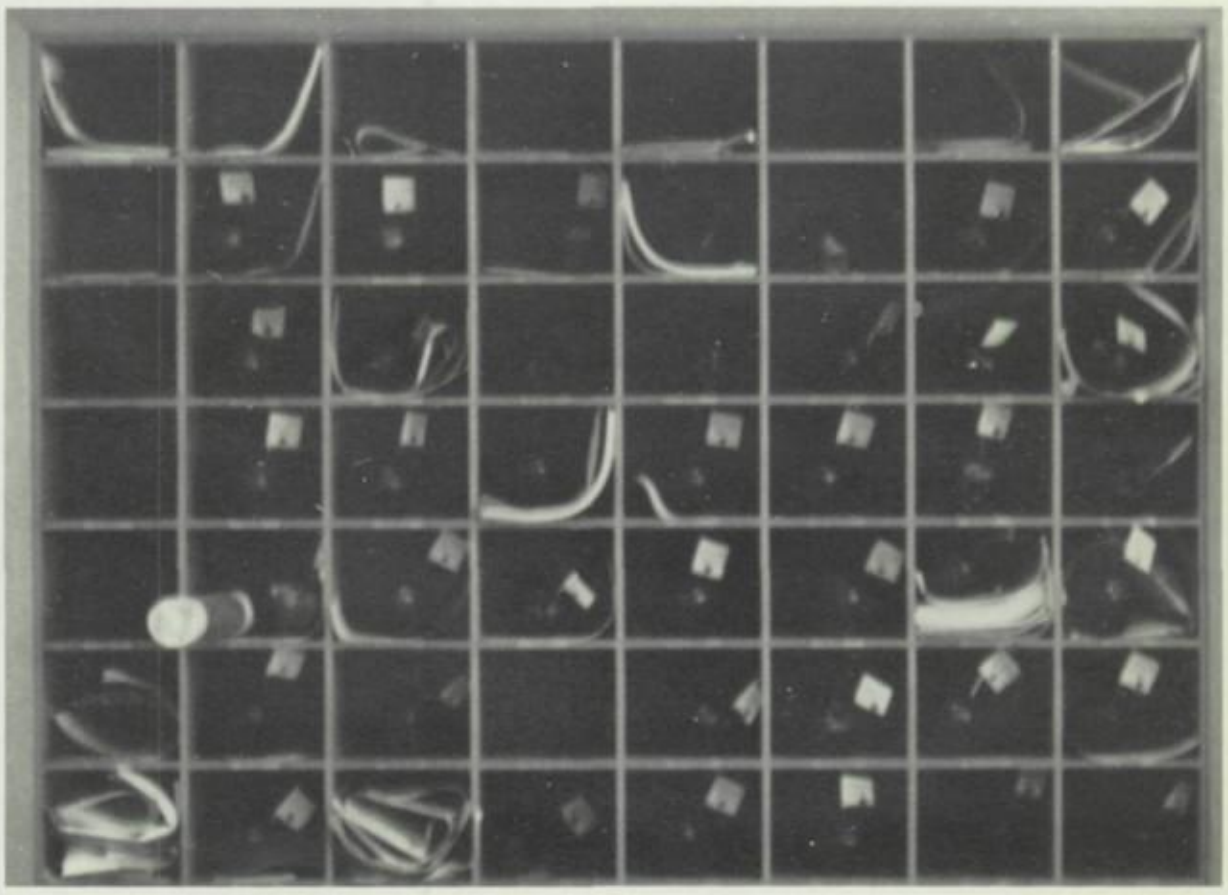
Life is learning, experiencing, growing and caring. Love is a special ingredient in life. Where there is love, there is life; and where there is life, there is love; there is God. Jesus gave us the gift of love to help us through the rough times in our lives.

God has given us all the potential to be whatever we want to be and we *can* do it! Don't *ever* think otherwise!

Best of luck and happiness to all from the Class of 1984!

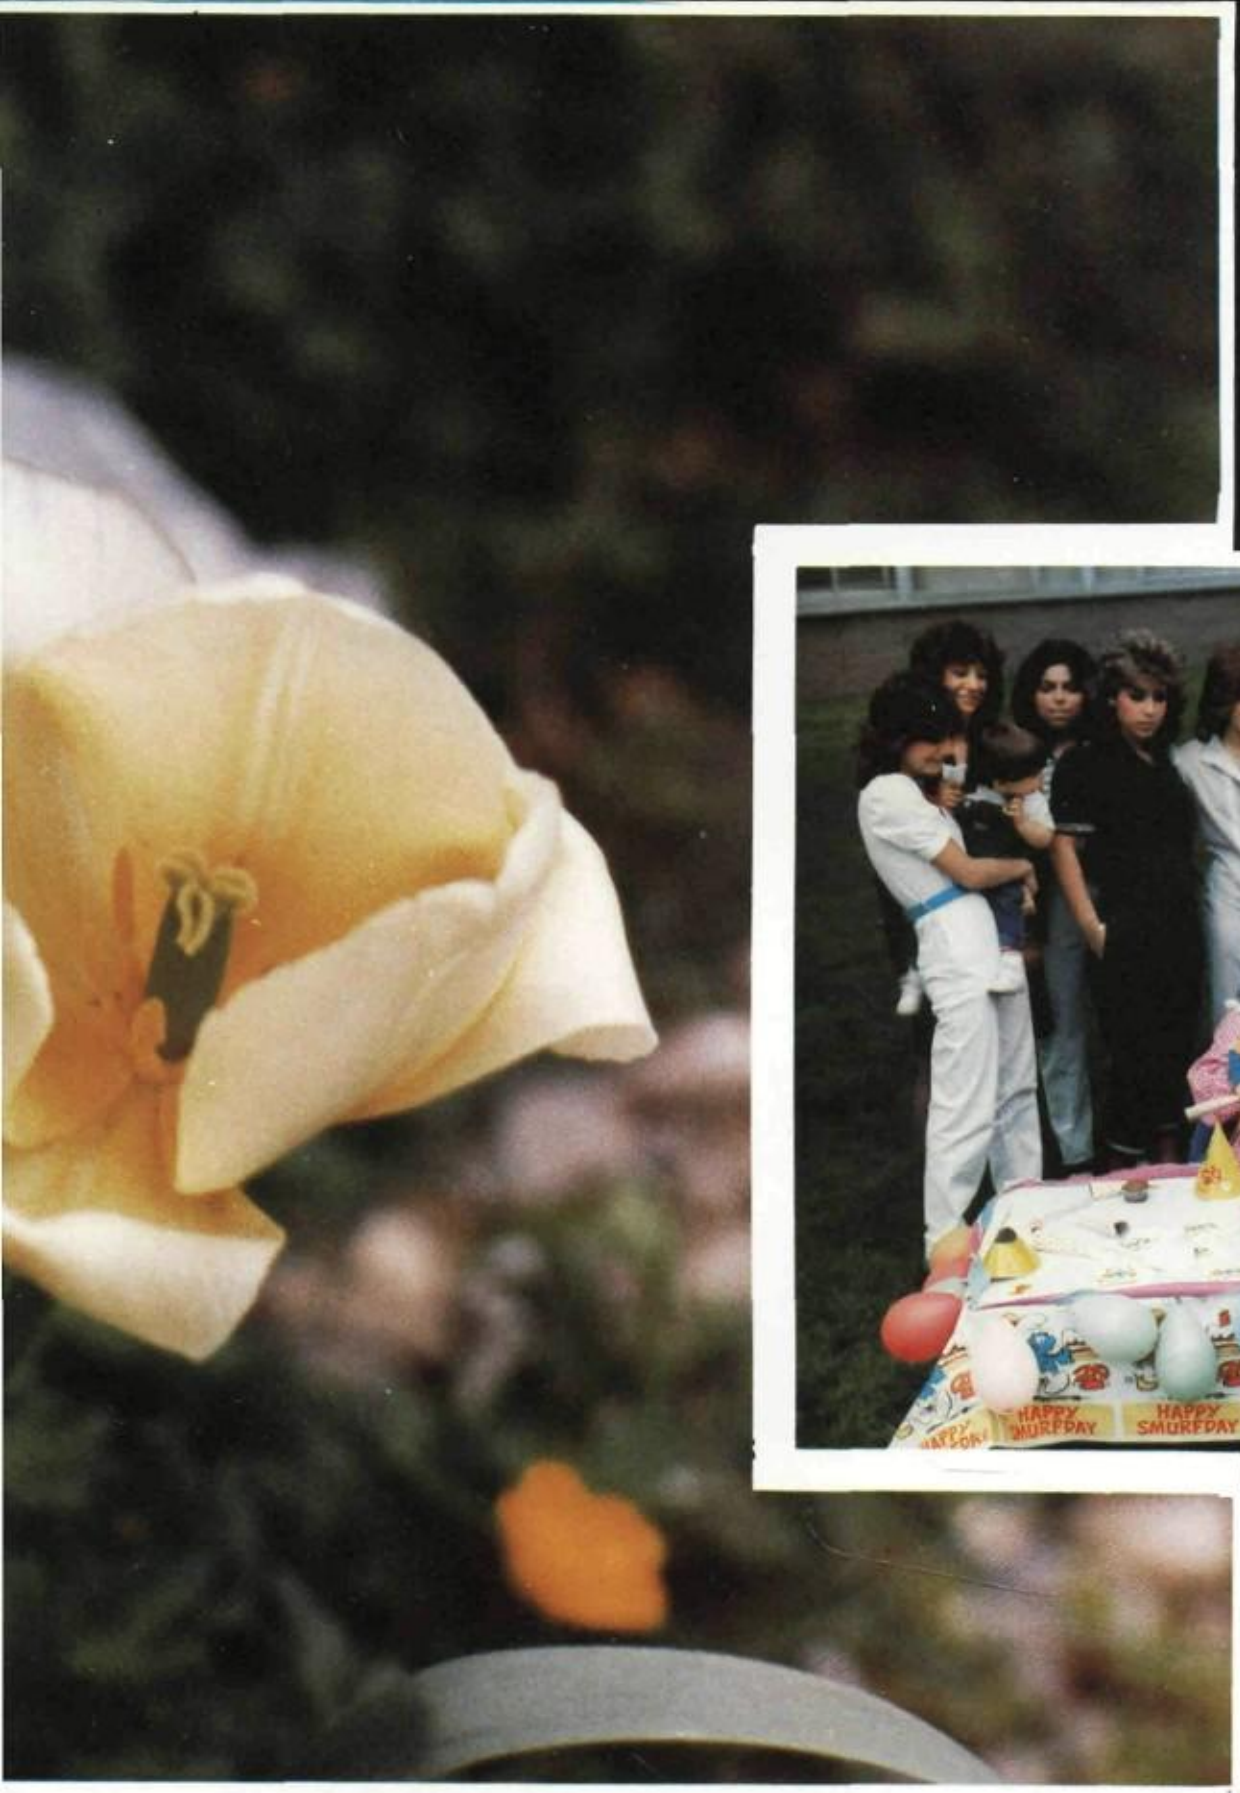


From our first days at Maria Regina, we each planted our seeds for the future. We each hoped that every seed would grow and blossom. We then came to realize that those seeds could only flourish if they were properly nourished. We needed the knowledge and wisdom that was given to us in our four years at Maria before we could say that our lives, like the seeds, have truly grown. Love and Friendship were our main sources of nourishment. We learned that these, along with truth and honesty, were and still are exactly what's needed. It was then that we started to grow; we still anticipated the time when we would mature and blossom into adulthood . . .



The time for us to move on into the world has finally arrived. We realize that we have blossomed in mind, in heart and in spirit. Those tiny seeds that were planted only a few years ago have grown tremendously, nurtured with the love and friendship that we gave to each other every day of our lives. We recall those growing years and reflect on just how fulfilling they really were.

As a small, private school, we have the opportunity to truly get to know one another. We often get the chance to develop close and honest relationships with our instructors and faculty members. Each person is treated with respect, simply because we respect each other.



We, like the fully blossomed flowers, are composed of petals. Each petal represents a special quality in us that is essential to the flowers of life as a whole. In turn, each flower can be used to represent each one of us. All of us together form a bouquet that is filled with much more than flowers: it is filled with a love and understanding of each other that will last forever. We will always be one throughout eternity.

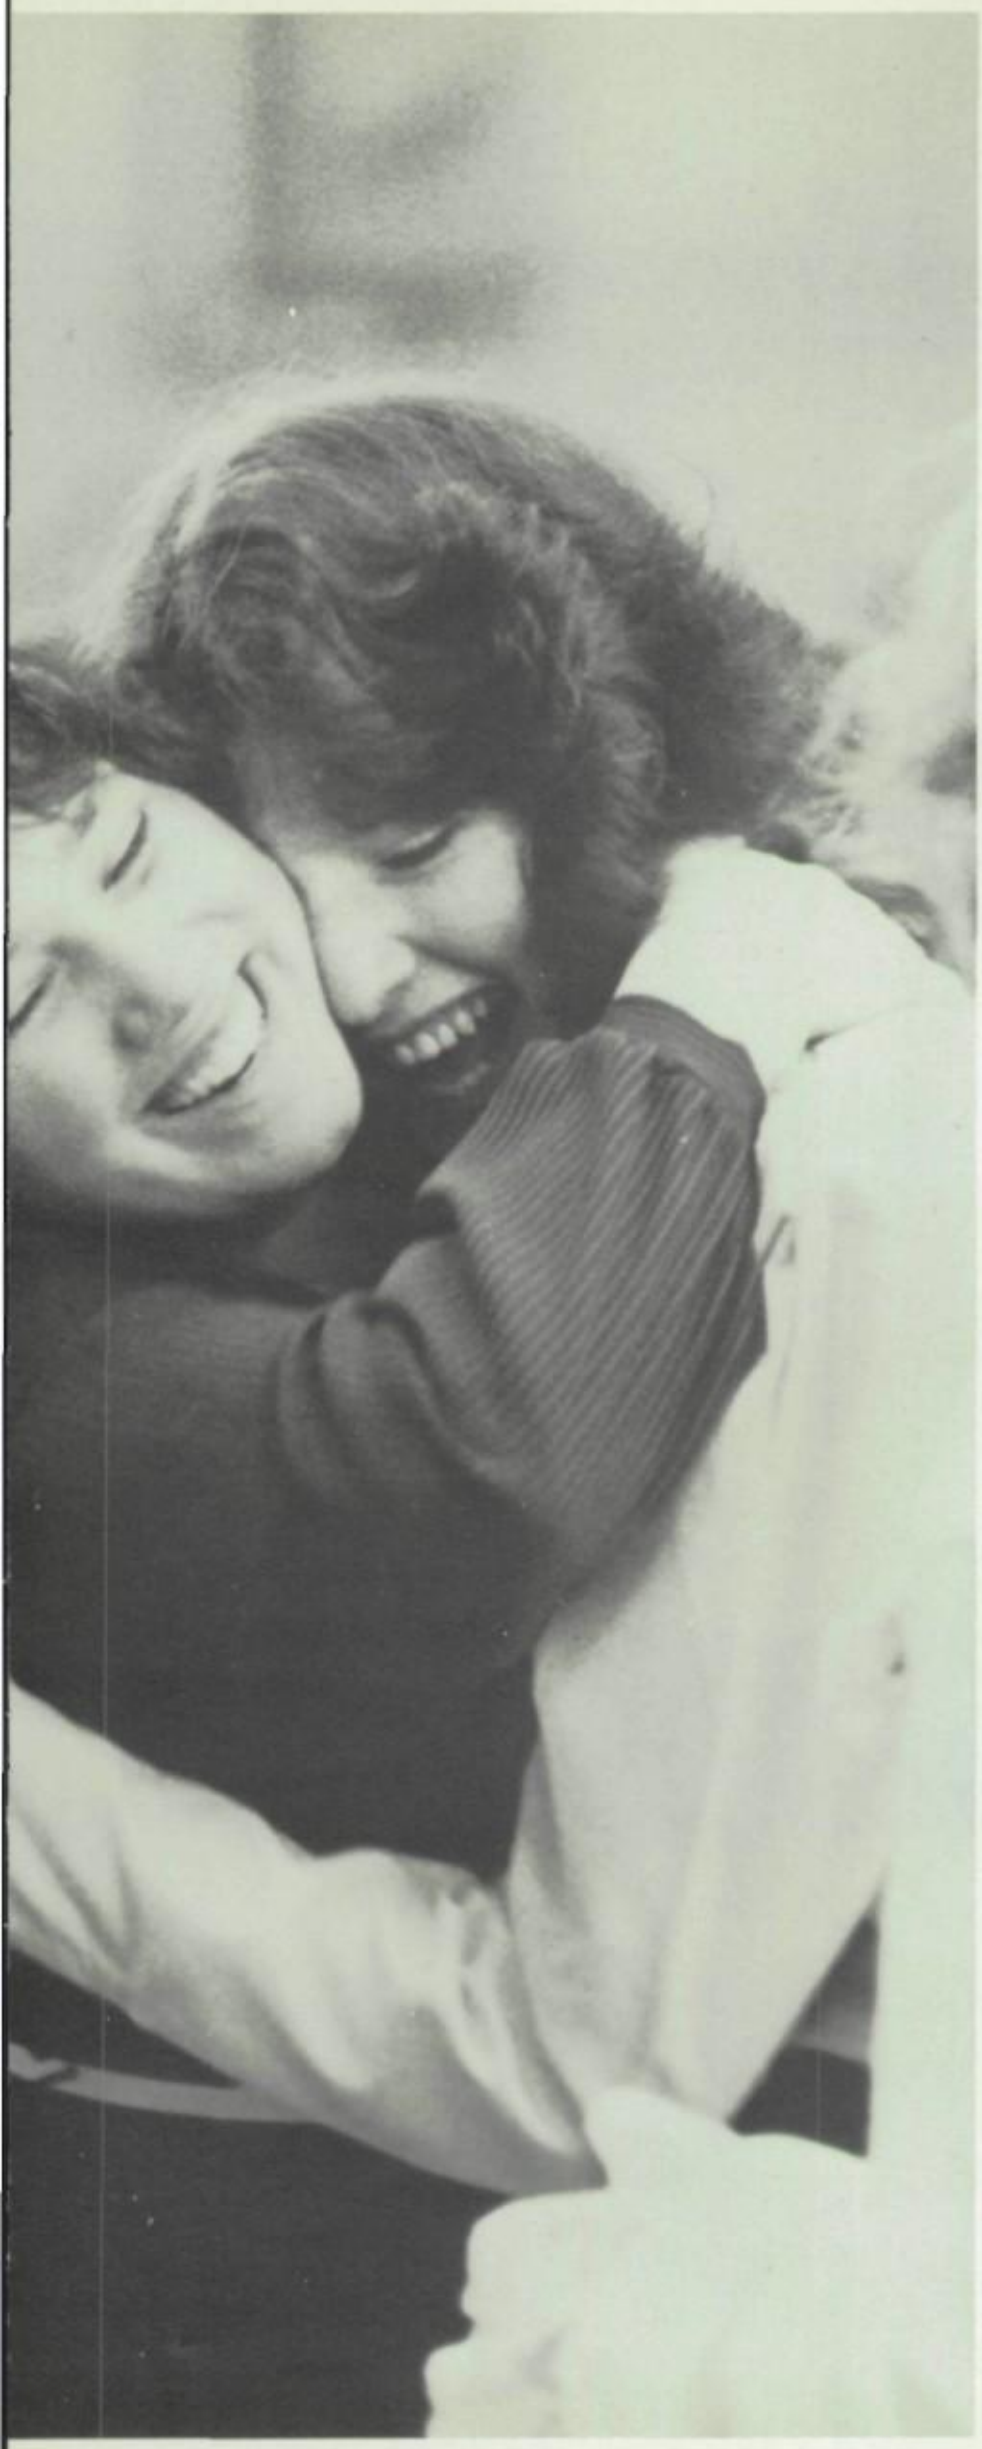
Throughout life, there are times when a look toward the future seems to be an impossible task. However, new doors will be opened to us. We must willingly accept the new life that will be opened up to us behind those doors. We are renewed in faith. We are guaranteed happiness if we only live it.

Pope John Paul II has declared this year to be a special Holy Year, a time for a new beginning in the Church. He has called for us to strive for inner perfection. Urging us to open our hearts and lives to Christ the Redeemer, the Holy Father called us to a true spiritual conversion. We have been challenged to open the doors to a deeper spiritual life, knowing of the promise of eternal life which is ours.

We can symbolize the Holy Year with our lives. The doors that opened to begin the Holy Year parallel the doors that open up to our future. At the beginning of our lives, the doors are slightly ajar because we don't know what is ahead of us. At this stage, we are cautious and naive. As we grow older, the doors open up halfway and we are more willing to explore the world that is awaiting us. We are now at the point in our lives when we will throw open the doors to our future. Now we are confident and motivated enough to explore the world. We should seek to explore not only the world, but ourselves as well. We should always strive to be the best that we can be.

Like a cake that is made from scratch rises while baked, so do our lives come together when we have grown and matured. A cake begins to overflow after it is "baked" for some time. Similarly, as we mature, our love and generosity begin to overflow. Our lives are constantly being filled with love, respect for life, and, of course, the love of God. We give these ingredients to others.

Since we were babies, people have been giving to us. Our parents, have especially, shared everything they have with us. Our parents are a supreme example of loving people who knowingly sent us to Maria Regina, a school also filled with loving, caring people. Our family members too have always shared their happiness with us. In return, we give to them our love and our sympathy when things go wrong. We respect and love our family because they are *our* family and they are always there for us.



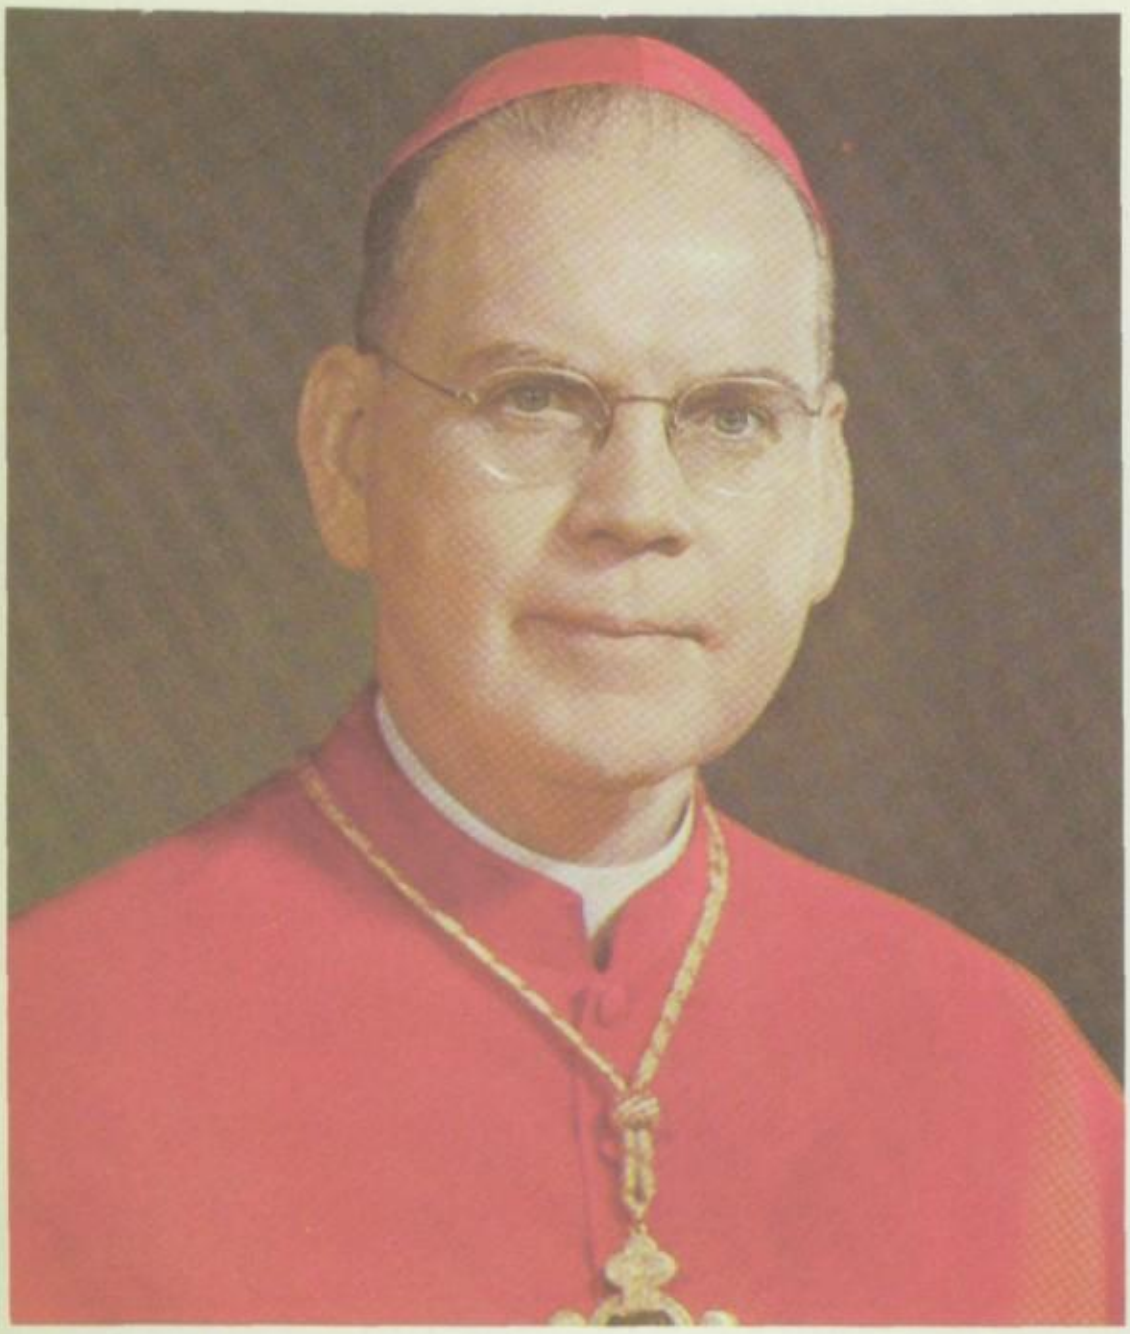
This sharing of life is not contained solely in our home. Gifts of giving, sharing and caring are all around us at Maria. When we walk through the halls, we see many girls sharing their time together and giving much love and attention to each other. We at Maria, give to each other just by being friends. Sometimes, just an ear to listen, or a shoulder to cry on is all that someone needs. In addition, our very special teachers give us love in their own way. They share with us their knowledge, time and patience, hoping that we will learn through their example. They are always willing to put in overtime to help us if we need more time to understand our work. Our teachers are our wonderful friends who are always there to listen to our problems and comfort us in a way nobody else can.

The most important gift that is given to us at Maria is the understanding of God and His love and grace. Every morning, we have the opportunity to receive Christ in the Holy Eucharist at Mass in our very own Chapel.

Everyone at Maria reflects the attributes of God in our community by sharing each other's unique love and special talents, and by helping those who are feeling down — all make us one student body. God is the only one Who gives us all these qualities, It is up to us to develop them and share them with our family at home, our family at Maria, and our family in our communities.

After we graduate, our talents will be shared with everyone. We will contribute to our community and to the world. We will continuously share our love and talents with others. By sharing whatever we have, we are, in turn, respecting life. If we give our all to others, we will be rewarded greatly in the end.

We are made up of all the special and rare ingredients it takes to make our cake rise to seemingly unattainable heights. It is up to us to share our special mix with everyone! Let us give a piece of ourselves to everyone, and especially to the ones we truly love.



Dedication

We were all saddened by the news of the death of Terence Cardinal Cooke last October 6. Cardinal Cooke was Archbishop of New York. He died after a long-term battle with both cancer and leukemia. Cardinal Cooke was a strong and courageous man. He served as a model for all Christians. He taught each of us how to live and, more importantly, he taught each of us how to die.

Terence Cardinal Cooke stressed constantly the importance of religious education. Cardinal Cooke supported Catholic Education in the Archdiocese of New York and tried desperately to keep Catholic schools open, even though many of them were not well-funded. He succeeded overwhelmingly with this endeavor.

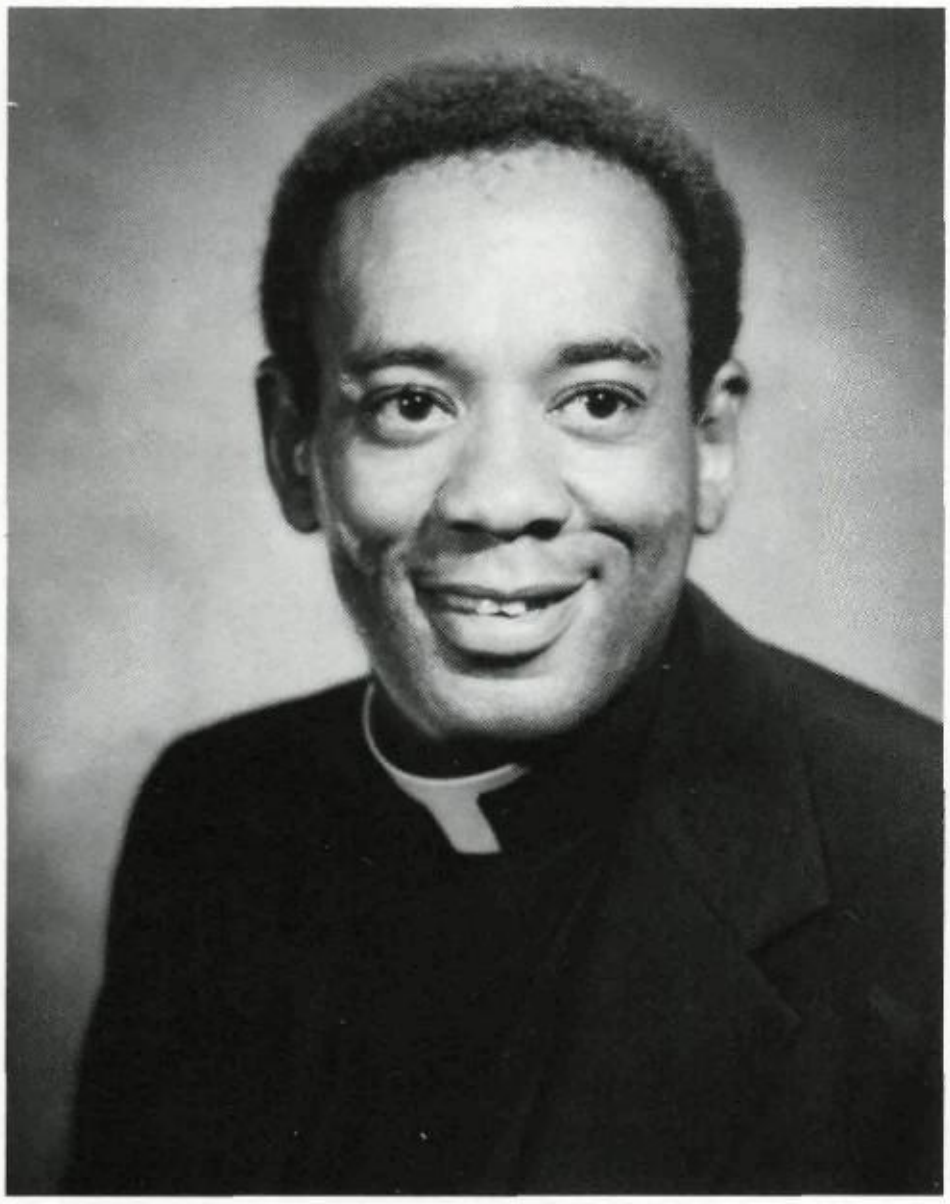
More important than all the wonderful sacrifices he made for his people, were the sacrificies he made for all of us at Maria Regina. Many of us had the honor of meeting him and sharing with him in a Eucharistic celebration that commemorated the 25th anniversary of our school. Cardinal Cooke sacrificed his time and efforts for us when he spent that day at Maria. He was a gentle, outgoing man; he greeted each parent and student with a warm smile.

Cardinal Cooke called the Archdiocese of New York to reconciliation at the start of the Holy Year. He focused all his energies on living a life in the name of Christ until his last day on earth. Although he was a very sick man for years, he fought on for each of us, ignoring his pain, just as Jesus did when He sacrificed His life for us. Cardinal Cooke spent many years of his life helping those who could not help themselves, namely the oppressed and the elderly. He particularly devoted his time to the youth of America because he always thought of us as the future.

The qualities that Cardinal Cooke possessed go further than ink on a page. He was warm, patient, understanding, loving, caring: a holy and generous man.

All of us at Maria Regina have a special place in our hearts for Terence Cardinal Cooke. We shall never forget the many sacrifices he made for all of us, nor will we forget the constant love he gave us or the prayers and sufferings he offered to God for us. Just to know that we were in his daily prayers is enough for us to admire him. He was a dear and special friend to us and for that we will never forget him.

We find it an honor to dedicate the 1984 Reginian to the memory of our friend and Archbishop, Terence Cardinal Cooke. He will always hold a special place in our hearts, for, in the words of Pope John Paul II, " I am sure that your brothers and sisters and fellow citizens in America will never forget all your efforts on behalf of life, the Right to life, everyone's Right to life." May he rest in peace with the Lord forever!



TRIBUTE

Many years ago a seminarian, Father Samuel Taylor, walked into the lives of the Maria Regina students. To this day he still touches the hearts and minds of all around him.

Father Sam became a friend to all of us at Maria by participating in retreats, going to our dances, and even lending us an attentive ear when we needed it. Father Sam gave much time to us at Maria Regina. He celebrated the Eucharist with us many times. He even took time out to hear our confessions when we asked him to. Father Sam truly took the time to get to know each of us a little better. Father Sam was always loving, friendly, and outgoing. He always placed others before himself. Father Sam had the great art of turning people toward God; he even made us laugh when we wanted to cry.

A friendly "hello" greeted you when you passed him in the hall and when he would talk with you he would leave you with a smile in your heart. Father Sam was patient in talking with us when we had problems; he often even proposed some helpful solutions for us. Father Sam always gave unselfishly of his time, patience and love to all the people he cared about.

When the news was announced that Deacon Sam was to be ordained a priest, hundreds of us, graduates and undergraduates alike, gave him our prayers and expressions of both happiness and love. We were so pleased to hear that a man so dedicated to Christ would soon be granted the privilege to be one of His priests. Many of us supported him on November 6, 1982 when he was ordained a priest at Saint Patrick's Cathedral by Terence Cardinal Cooke.

In knowing Fr. Taylor, we have come to realize that whatever his goal, his peers and friends will always support him because we know that he is dedicated to his work. True dedication and motivation are the keys to success. It is clearly evident to all of us that Father Sam will always be a success.

Father Sam Taylor now teaches the Word of God and celebrates the Eucharist with all of the parishoners at St. Patrick's in Newburgh. Because of this, we seldom see him, but he is never forgotten. None of us, teachers and students alike, will ever forget or take for granted his cheerful smile and the comforting words he spoke when we needed them the most. The light he released to all of us at Maria Regina will shine brightly forever!

Life is the most precious gift given to us from God. In life, we find a constant interchange of ideas, hopes and dreams. Our lives are influenced by more than the individual and specific moments which touch us. We are also part of a society and world.

Maria Regina educates us to go forth and contribute to that society and world by bringing our very best to it. Our Catholic Education has equipped us with all we need to face the challenges and triumphs, the sadnesses and defeats that may realistically, be a part of the days and years ahead. As we recall some of the moments of 1983, let us dedicate ourselves to do our part to make our nation and world what it was created and meant to be. We **can** *make a difference! We WILL!*

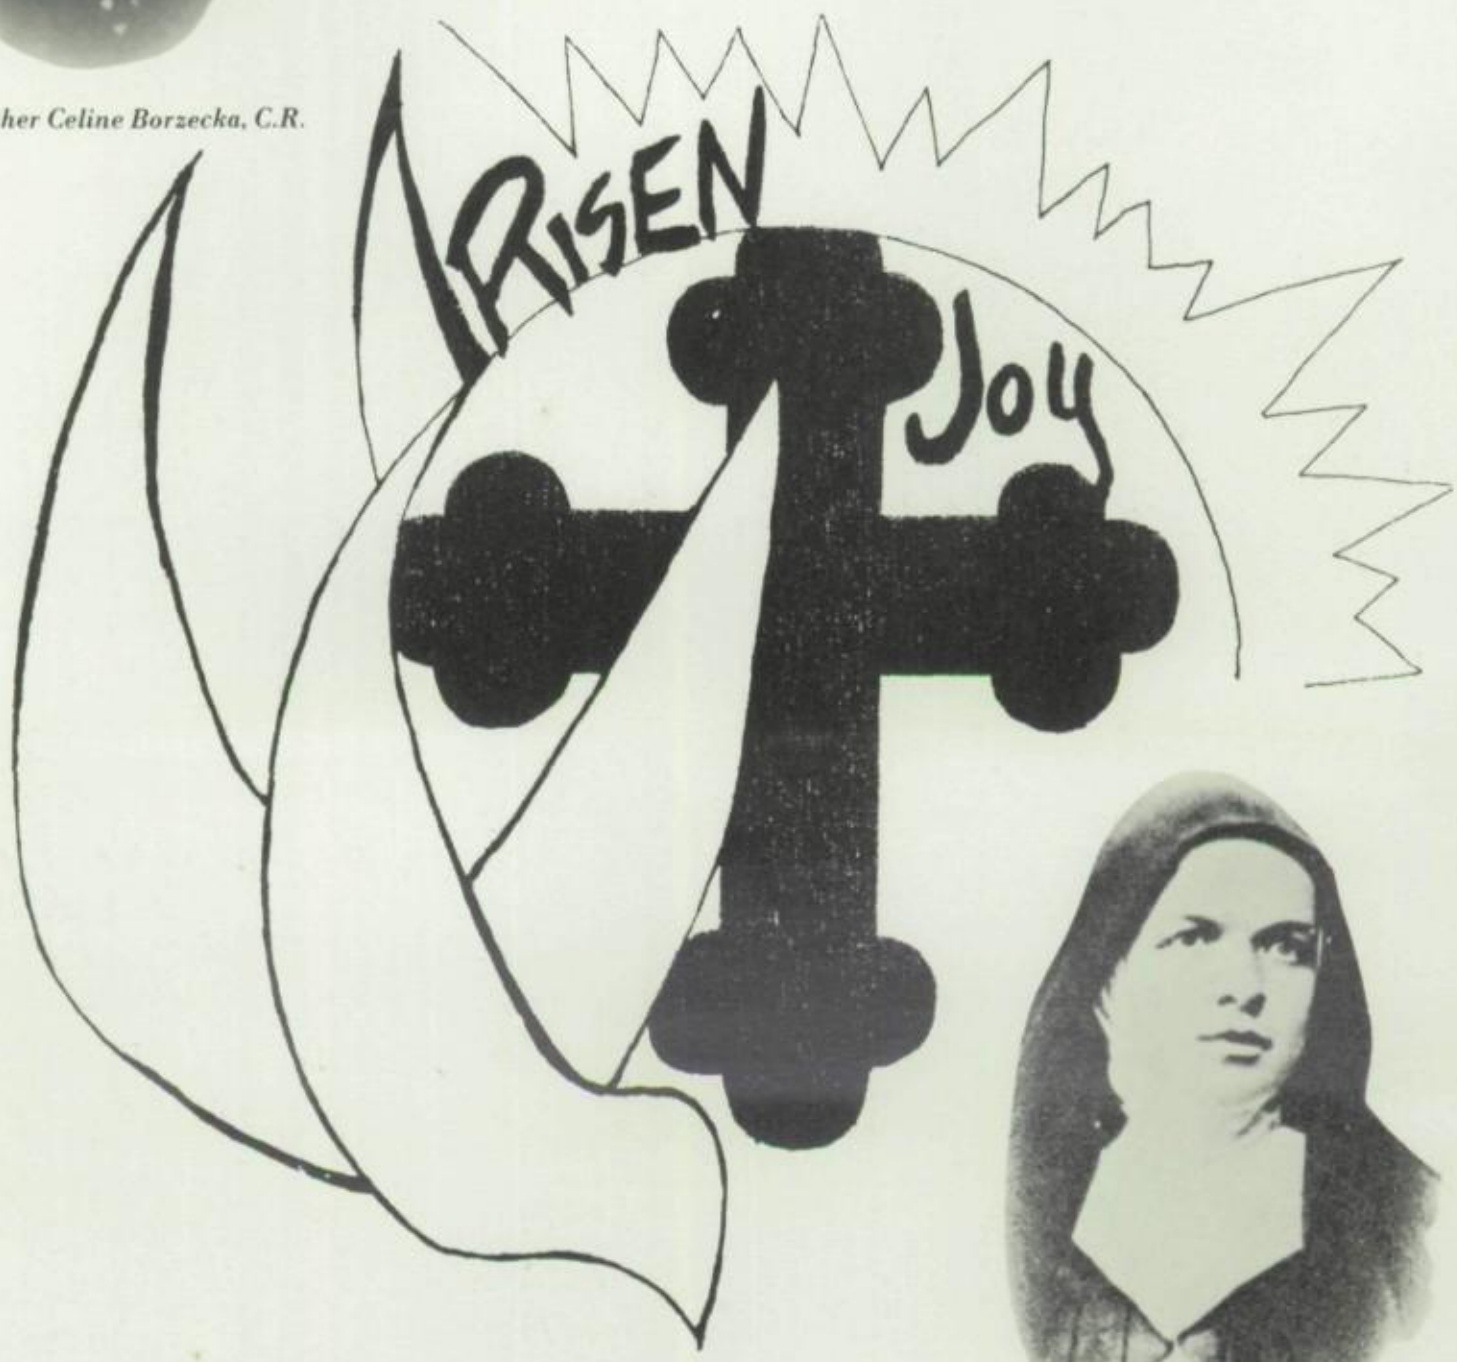
Congratulations to the Congregation of the Sisters of the Resurrection



Venerable Mother Hedwig Borzecka, C.R.

1983 was a year of gratitude and celebration for our Sisters. On February 11, 1982 their Foundress, Mother Celine Borzecka, C.R., was officially proclaimed Venerable by His Holiness, Pope John Paul II. On December 17, 1982, her daughter and Co-Foundress of the Sisters of the Resurrection, Mother Hedwig Borzecka, C.R., was also officially proclaimed Venerable by the Holy Father. As the Sisters of the Resurrection prepare for the centenary of the Congregation in 1991, they offer thanks to God for their saintly Mother Foundresses and for all the blessings bestowed upon the Congregation. We join them in prayer and best wishes for the present and future.

Dear Mom and Dad,

I can remember what seems like yesterday, September 7 of 1980. I was nervous and swore to you I wouldn't like my "new school." You told me you were doing what was best for me. Now, in June of 1984, I can't tell you how right you were (as usual). Not only did I receive the best education I could, but it's because of you I have found friends whom I have come to love very much. I know I can never repay you, but I hope I at least have made you proud.

I love you both . . .

Dear Jo,

A lot of water has run under the bridge since your first school day. You have grown into a beautiful girl inside and out. In between that time there were a few problems; some of them you took with a smile and some of them you took with a grin. But nevertheless you went through them like a "Pro." You are already at your last year of High School; although you are still our little girl, the years went by. Soon a new world will open to you and for that we, your Mom and Dad, wish you the best of luck and happiness in the future that you deserve.

Dear Carol,

CONGRATS SWEETIE!

Thanks for all the talks, the laughs, and the good times. You are the best friend that anyone could ask for.

Remember those days that we call memories!

FOREVER YOUR FRIENDS,
Regina and Jen

Dear Mrs. Garvey (Me),

Well, what can we tell you? It's been four happy years and may we say that we've enjoyed your wonderful class for three of those years. Of course, we missed all the sauce stains on our English papers in Senior year. No one can add such flavor, literally, to an assignment like you do. Really now Mrs. Garvey, of all the "bogus" times to get a flat tire! . . . Before we leave we'll just have to make sure that your windows will always automatically open when it's hot so all the germs can escape. And please, Mrs. Garvey, do be careful not to fall off your shower cap because you never know when you'll become "the last leaf." Scholastically speaking, we'll never forget your favorite "bozo" vocab tests.

Seriously, Mrs. Garvey, you're a great person and a special friend to us. We will truly miss you. Don't ever forget us. We love you forever. Your three lovable muscapits, Debbie, Lucy, and Diane.

As you are approaching your last year in High School and getting ready for college, we look back and think of you as a small child full of questions, talkative and happy.

We look at you now and you have grown into a young woman still learning and appreciating life around you, what it has given you so far, and we can only wish you all the best in all your new endeavors. You have given us so much joy, we are and always will be very proud of you!

MARGARET

She is very hard to find.
Her eyes are speckled,
Her nose is freckled,
Her hair between chestnut and brown,
Her smile is almost a frown.
She lives in a room full of
posters and pictures
With a brindle dog and a calico cat
And a sand-colored gerbil that is
really a rat.
Were it not for the windows and door
You could not tell a wall from
the ceiling or floor.
She's a trout in the sun,
A fawn in the shade,
A chameleon, ever changing her color.
When asked to use an umbrella, she maintains
"I have had very little trouble with rain."

I guess George Benson put it best when he sang the song "Learning to Love Yourself Is The Greatest Love Of All." You have shown me how to do that. Thank you for all your help and support through my years at Maria. I know you will be there for me in the future. I hope someday you will know just how much I care.

To My Family: Thank you for standing by me with love and guidance. You are my whole life. I couldn't live without you. Mom, Dad, I love you so much — I want to thank you for giving me life and all that makes it worthwhile. I've been no angel — but you've loved me anyway.
To My Brothers, Shawn and "The Buz" and My Sister Doreen: This ad wouldn't mean anything if I didn't put down your names. You guys know how much I love you — I'll always be here as you've been here for me.

Love you always,
Dawn Marie

To the Other Half: My friends — I love you guys. You have all taken a special place in my heart that will never be refilled by anyone. We're on to the future now that you all taught me how to have a great time, who to call with a flat, no gas, no money, or a sad song. You guys are part of my soul. What else can I say — there are no words strong enough. Thank you for making me feel so loved and cared for. I'll always be here for you — 50 years from now or an hour. Love forever and ever,
Dawn
P.S. — It has been a REAL EXPERIENCE

TO MY FAMILY —

An Open Letter —
to the class of 1984 —

Dear Girls,

Perhaps from time to time you may glance at this book of memories to recall past days of friendship, love, and caring. At times, in the future, when new faces and new opportunities challenge you, you may derive strength and inspiration from these pages. Whatever the future holds in store for you, be confident that He will always hold you in the palm of His hand. Be confident that the "Maria Regina Experience" has been worth every minute — and has prepared you in the best possible way to meet the future with determination, hope, and promise. My prayers go with you — always

Our Special Gift from the Lord

Christine Fonseca
July 15, 1983

Lord Jesus,
We recall the many ways You have touched our lives. You have sent us so many gifts of love —
our parents
our brothers and sisters
our friends here at Maria Regina . . .
our failures . . .
our joys . . .
and the things that challenge us and keep us growing and changing.

We know that there are so many things for us to thank You for, but perhaps one of Your most special gifts was that of Christine.

Christine always put her heart into everything she did, whether it was academics in which she received recognition at the Honors Convocation, or in co-curricular activities such as Student Council.

Christine was always grateful to everyone at Maria Regina. She knew that everyone here cared for her not out of pity, but out of friendship and love. She also loved challenges; when it came time for Student Council elections, she knew that it would be difficult, but she was willing to give this school all she had because Maria Regina had given her all it had.

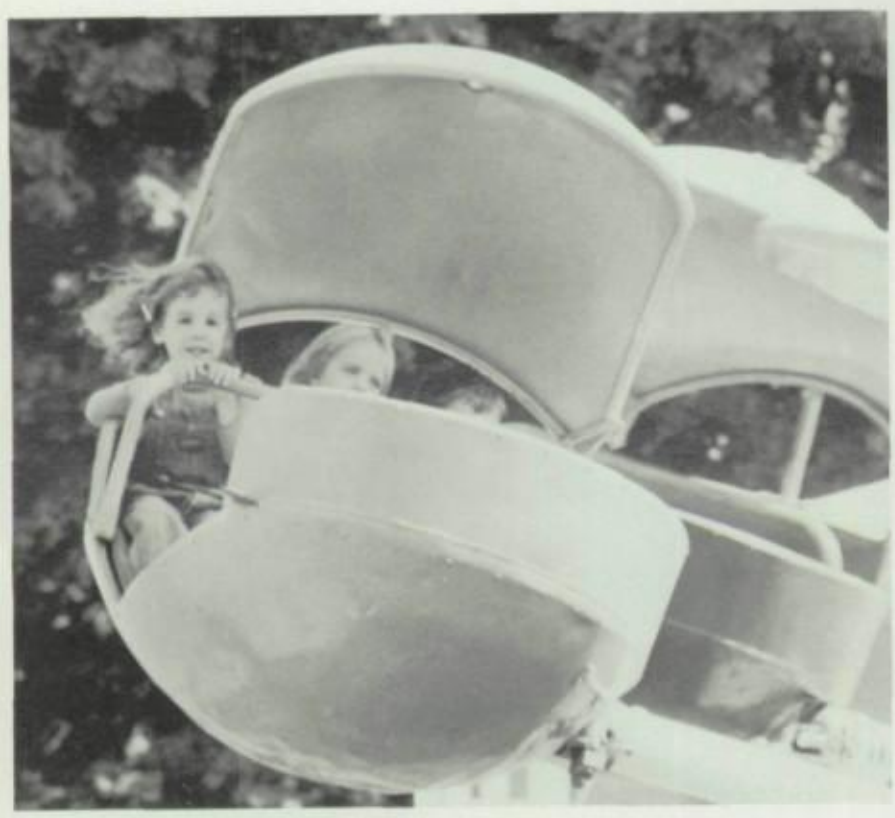
She spoke about her family with a love and a real appreciation that would be hard for any of us to match. If anyone ever needed a helping hand, Christine was always there to lend one. Anyone who has ever been blessed with Christine's presence will never forget her. We should all be willing to pick up our crosses and remember how willing and brave Christine was in accepting and carrying her cross.

Thank you God for blessing us all at Maria Regina with Christine's presence. She was an inspiration to everyone at Maria. Even though she has left us physically, she is in Heaven looking over and protecting all of us.

— Margaret Martin

We, the Class of 1984

would like to pause
and recall all the
pleasant and
wonderful "simple"
joys of
life.



We have the strength to take whatever life gives to us.

Life
is not
as complex
as some people
make it out to be.

What is so complex about a baby crying?

What is so complex about showing true love to others?

Let us take time
to appreciate
the simple things like
flowers, babies, kittens, or
trees.
Let us give thanks.

5

We truly realize
that life should
be lived to the
fullest.

Unfortunately, another year has come to a close and the *1984 Reginian* staff has to put away their quad packs, typewriters, pencils, rulers, . . . etc. At times, this year was difficult, but in the end it was all worth while.

We could not have completed your book without the help of certain people who were with us all the way — through the hard times as well as the good times. We would first like to thank Sr. Joan, our principal, for her support of the Reginian staff.

Another special thanks goes to John Ryan, our representative from Taylor Publishing Company. John constantly showed patience — he put up with our sometimes long meetings and silly questions. We appreciate his help: getting our ideas on paper and making them work, no matter how outrageous they seemed. We could have never done it without him.

As far as the pictures in our book are concerned, we would like to express our gratitude to Delma Studios, our yearbook photography company, for their superb work in giving us great pictures. Thank you, Henry Posner, for our picture on our cover.

We would never forget the extra people who added a special touch to the *1984 Reginian:* namely, Mrs. Barry, who graciously posed for our clown pictures.

Besides mentioning individuals, we would like to include all of you, the student body, for if it were not for you, there would be no yearbook.

Above all, our never ending gratitude goes to our wonderful staff who has worked very hard throughout the year to make this book what it is. We, the editors, could never have made it through it all without them.

Our very special thanks goes to our moderator, Sr. Richard, who always made us go the extra mile to produce a unique book. We appreciate her dedication and hard work that helped make our book special.

In closing, we hope that you received the message of this book: *CELEBRATE LIFE!* We challenge each and every one of you to continue the celebration that started when you received the gift of life, and was continued and cherished here at Maria Regina High School. Celebrate life and all that it is every day of your lives!

When the class of '84 leaves Maria Regina, we will continue this scared celebration, confident from our education at Maria, that life is the gift of our loving God. We hope that all of you are able to do the same.

Many thanks and good luck,

Debbie Mollo *Editor-in-chief*

Maureen Barry *Co-Editor*

Diane Manzione *Co-Editor*

Besides those things you've made it to 17 and I to 16. I can't believe I have my license! (Which is an incredible joke!) And that you'll have yours soon. And I can't wait to go cruising this summer.

Finally. I can't believe that we'll be SENIORS. I know that every free minute you have you'll be in the Senior Courtyard but please don't run around in there barefoot, I mean it's for all the seniors not just you! (P.U.!)

I hope they have a decent Physics teacher, (how many did you go through?) and that our yearbook is ~~GREAT~~. I know it'll be different!

I hope that the Yankees come out of their slump, that our senior portraits come out great and that we meet a couple of guys over the summer! What do you think? Possible? I think so!

We'll need money though so it a good thing we'll both be working. (Ha-Ha)

Finally, (again) I hope we have a great summer, find some good colleges and have a great senior year! (In the mean time think about who we are taking to the Prom next year. I mean it would be quite embarassing to show up together, what do you think?)

Love
Celines (Class of 85')

June 84

Dear April,

Look's like we've made it through another year. I can't believe we're going to be Seniors! WOW! I'm glad we're friends. and I know we can only become better friends next year. You're a really nice person and a super friend. Have a supergreat summer!

Love always,
Laura

Dear April,

It's been an unforgettable year! What can I say?! We'll finally be Seniors! The years have really flown by. Being your friend is one of the best part of being in this crummy school. You've been a great friend. We really did have a good time this year with driving class, exercise class, and everything else. We finally got to go to Studio 54 this year. We have to go out dancing some more. Well, have a great summer and I'll see you next year.

Love,
Danida

P.S. It's jerk walk
not jerk-off!
(Shows where your mind is at!)

Dear april,

It's hard to believe its already been 3 years. We'll be seniors next year. Physics has been an experience — to say the least. Aerobics class, Mr. K's antics and all our horrendous homwk have all been part of this year. Ring Day was the best! I'm glad we've remained friends & I'm sure we'll have fun again next year. I hope you have a great summer. Love, Sylvia
